Kansas State University

Contacts
Instructor: Bret Polopolus-Meredith
Office: CW 123
Office Hour: TWThF 2pm - 3pm
Time and Room: MTWThF 10:20 AM - 11:35 AM in CW 130

Instructor: Vincent Newberry
Office: CW 128
Office Hour: MTWThF 2pm - 3pm
Time and Room: MTWThF 12:40 PM - 1:55 PM in CW 130

Materials
https://www.math.ksu.edu/~cochrane/m221/m221s19/CalculusVolume2.pdf
Calculator: No calculator will ever be allowed on any test
Prerequisites: The prerequisites for this class are Calculus I (Math 220)
Class Schedule: Class meets daily at the listed time, every day except for July 4th due to the holiday.
Each class will be a lecture with a small number of students. Questions are encouraged during the
lectures. There are no recitations. Each day will cover one section from the book according to the
schedule.

Grading
Homework: Online and Written - 20%
Exams: Exam 1- 20%, Exam 2 - 20%
Exam 1 will cover course material through Chapter 4
Exam 2 will cover course material for Chapter 5 and 6

Final: Final - 40%. Two separate parts administered on separate days (Part1/Day 1 and Part 2/Day 2); the last two days of class. Questions from Part 1 cannot be answered on Day 2 during the administration of Part 2.
The Final will cover all course material (cumulative).
**Final Grade:** Students who earn the following minimum number of points will get the shown grades:
- 90% = A
- 80% = B
- 70% = C
- 60% = D
The final grade may or may not be curved.

**Missed Exams:** If you expect to miss a midterm exam for a legitimate reason (illness or hospitalization, for example), please notify your instructor as soon as possible. If your instructor deems the absence excusable then your other exams will be weighted to make up for the missing one; otherwise your score on it will be zero. There will be no make-up exams. A grade of incomplete may be given to a student who has missed more than one midterm or the final exam, if verifiable circumstances warrant it. It is your responsibility to discuss the situation with your instructor should your personal situation suggest this as a possibility.

**Written Homework:** Written homework will be assigned each Thursday afternoon and due the following Tuesday at 5:00pm. Write your name, your instructor’s name, and the class number (Math 221) on the top of the first page. Put the problems in the order they were assigned. Staple all pages together. You are permitted to work together on the written assignments, but you must write up your own solutions to be turned in. Absolutely no late homework will be accepted.

**Online Homework:** Online homework will be assigned after each section is covered in class and will be due approximately 72 hours later.

**K-STATE HONOR CODE, ETC.:**

**Statement Regarding Academic Honesty:** Kansas State University has an Honor and Integrity System based on personal integrity, which is presumed to be sufficient assurance that, in academic matters, one’s work is performed honestly and without unauthorized assistance. Undergraduate and graduate students, by registration, acknowledge the jurisdiction of the Honor and Integrity System. The policies and procedures of the Honor and Integrity System apply to all full and part-time students enrolled in undergraduate and graduate courses on-campus, off-campus, and via distance learning. The Honor and Integrity System website can be reached via the following URL: [https://www.k-state.edu/honor/](https://www.k-state.edu/honor/). A component vital to the Honor and Integrity System is the inclusion of the Honor Pledge which applies to all assignments, examinations, or other course work undertaken by students. The Honor Pledge is implied, whether or not it is stated: “On my honor, as a student, I have neither given nor received unauthorized aid on this academic work.” A grade of XF can result from a breach of academic honesty. The F indicates failure in the course; the X indicates the reason is an Honor Pledge violation.

**Statement Regarding Students with Disabilities** Students with disabilities who need classroom accommodations, access to technology, or information about emergency building/campus evacuation processes should contact the Student Access Center and/or their instructor. Services are available to students with a wide range of disabilities including, but not limited to, physical disabilities, medical conditions, learning disabilities, attention deficit disorder, depression, and anxiety. If you are a student enrolled in campus/online courses through the Manhattan or Olathe campuses, contact the Student Access Center at ACCESSCENTER@k-state.edu, 785-532-6441; for K-State Polytechnic campus, contact Academic and Student Services at POLYTECHNICADVISING@ksu.edu or call 785-826-2974.

**Statement Defining Expectations for Classroom Conduct** All student activities in the University, including this course, are governed by the Student Judicial Conduct Code as outlined in the Student Governing Association By Laws, Article V, Section 3, number 2. Students who engage in behavior that disrupts the learning environment may be asked to leave the class.

**Academic Freedom Statement** Kansas State University is a community of students, faculty, and staff who work together to discover new knowledge, create new ideas, and share the results of their scholarly inquiry with the wider public. Although new ideas or research results may be controversial or challenge established views, the health and growth of any society require a frank intellectual exchange. Academic freedom protects this type of free exchange and is thus essential to any university’s mission.
Moreover, academic freedom supports collaborative work in the pursuit of truth and the dissemination of knowledge in an environment of inquiry, respectful debate, and professionalism. Academic freedom is not limited to the classroom or to scientific and scholarly research but extends to the life of the university as well as to larger social and political questions. It is the right and responsibility of the university community to engage with such issues.
