1. What was the chief reason you chose K-State?
   a. Was scholarship aid a factor?
   b. Were there other factors?

2. Why did you major in math?

3. What are your future plans?
   a. Where have you interviewed for a job?  Where were you offered a job?  Which job offer did you accept?  What will your job title/position be?
   b. Where have you applied for graduate school?  Where were you admitted?  Where will you go for graduate study?  What will be your field of study?
4. Department Student Learning Outcomes:

R - 2. Do you feel yourself able to compose and explain mathematical proofs and counter examples? Are you able to make logical inferences? What examples or reasons do you have to support your belief?

b. Mathematical Knowledge.

K - 1. Do you know the standard facts and algorithms of calculus and differential equations? What examples or reasons do you have to support your belief?

K - 4. Do you know the standard facts and algorithms of a specialized area of mathematics at a basic level (as defined by you and your advisor)? What examples or reasons do you have to support your belief?

For example, have you participated in

1. an internship, research experience, or study abroad? If yes, where?
2. a Putnam Mathematical competition?
3. a Mathematical Contest in Modeling?

Have you taken

1. a CAS/SOA actuarial exam? If yes, which ones did you pass?
2. EDSEC 586 Teaching Participation in the Secondary School and Professional Development Seminar?
3. A 700 level or above course?
4. a GRE math test? If yes, what was your rank?

Have you presented or published a paper or poster? If yes, where?

Have you won any awards or honors? If yes which award or honor?
5. Were the undergraduate math web pages helpful?

6. How well did the program serve you?

   a. Which things were especially helpful?

   b. Which things were not done well?

   c. Is there anything we should change or add to the program?

   d. What is your overall evaluation of the program?

6. Do you have any additional comments?

7. May we publish a brief profile of you and your graduation from K-State on our web page and include some of your pre and post graduation accomplishments as we learn of these?
